Singapore Business Federation

The Singapore Business Federation (SBF) is the apex business chamber representing the business community's interests in Singapore and abroad in trade, investment and industrial relations.

Tapping on its vast international network of overseas business chambers, bilateral business councils and multilateral platforms, SBF helps Singapore businesses access new markets and opportunities. The Federation also acts as a bridge between the government and businesses in Singapore.

With a membership of over 25,800 companies, all Singapore registered companies with a share capital of S\$0.5 million and above are members of SBF.

In championing the interests of the Singapore business community, SBF's approach is three-fold:

- Advocate key issues impacting the Singapore business community both locally and overseas
- Strengthen the competitiveness and resilience of businesses through capability building initiatives
- Facilitate networking efforts to assist businesses establish contacts and tap into opportunities in Singapore and abroad

Enterprise Singapore

Enterprise Singapore is the government agency building enterprise capabilities and innovation capacities, transforming industries, and facilitating access to global market opportunities. Enterprise Singapore strives to develop Singapore into a leading global trading hub and a vibrant start-up hub.

Enterprise Singapore attracts global commodities traders to establish their global or Asian home base in Singapore. Today, Singapore is a thriving trading hub with a complete ecosystem for the energy, agri-commodities and metals & minerals trading clusters. Singapore is also home to many global enterprises, start-ups and investors who operate in Singapore's robust pro-enterprise environment.

Renowned for their dedication to quality and innovation, Singapore companies make ideal business partners. With a global network of over 35 locations spanning many developed and emerging markets, Enterprise Singapore connects businesses with relevant Singapore companies for their business expansion.
