<p><u>Description of Offer</u></p> <p>Our firm provides a wide range, multidisciplinary business consulting services. Our multidisciplinary approach allows us to assist our clients in dealing with business challenges they are facing while considering to: establish, invest or merge with another company in Israel.</p> <p>Our firm offers extensive and various solutions for global businesses, enterprises and start-ups. We are providing our services to a variety of companies in many kinds of industries. Our clients are companies from traditional manufacturing to cutting edge hi-tech and everything in between.</p>	

We understand the significance of bridging the cultural gap for business success, and therefore provides our clients with bilingual services. Among other benefits, our clients receive opportunities to use our experience in order to leverage their business. Our firm has broad experience, more than 35 years in financial, tax and legal consulting and also wide-spread network.

Our team includes experts in the: financial and tax consulting, legal consulting, organizational and business development, marketing & sales, HR, administration and logistics fields.

We are well acquainted with the business environment in Israel and will lead you through the process. We have extensive knowledge in the international market and the ability to use our wide world connections to help our clients.

By combining an innovative business management approach and vast knowledge of the local market, our integrated team provides clients with guidance, consultation services, and goal-focused brainstorming. The result is an outline and smart implementation of the best course of action.

Our firm is looking for businesses which are already established or during the process of starting a business activity in Israel or investment in Israel. Also, we are looking for alliance and collaboration worldwide.

Our business partners and clients will enjoy our team benefits in the wide field of expertise. We can assure you we will take care of all your business aspects, whether it is a financial, tax, legal consulting, marketing & sales, organizational & business development or any other service we provide in the local and international level.

Potential Partners	<p>Foreign companies considering establishment, investing or merging with another company in Israel.</p> <p>Businesses, trade professional departments in industrial and technology companies.</p> <p>Global companies and firms providing services within our professional expertise range, with a vast knowledge of the local environment of their countries and readiness to be our business partners. Accompanying clients looking to start a business activity with the Israeli market or the local market of their own country.</p>
